Playing the Part

The RAF has the best and biggest Air Crew all over the world. They are the best at what they do. They are the best at what they do. They are the best at what they do. They are the best at what they do.

...in Afghanistan and Iraq. They are the best at what they do. They are the best at what they do. They are the best at what they do. They are the best at what they do.

and Army Air Corps teams. These teams provide military aviation in the skills of the promote recruitment

RAF

Working together

Today, British military aircraft work with those of other allied countries. Recent operations in Afghanistan and Iraq have involved aircraft from other air forces, particularly those of the United States. Current British defence policy states that the UK is very unlikely to go to war without international co-operation.
